

4th Basic Molecular Pathology Workshop for Pathologists

(In association with Molecular Pathology Association of India- MPAI)

20th to 25th June, 2016 (Mon to Sat)

Department of Lab Haematology, Cytogenetics & Molecular Genetics,
TATA Medical Center (TMC), Kolkata, West Bengal, India.

Workshop Description:

This workshop is intended only for Pathologists, either Residents (2nd or 3rd Yr) / Registrars / Sr Residents / Fellows / Junior Faculty in Departments of Pathology , who have an interest in Molecular Pathology. The Workshop will be a 06 days hands-on program, designed to provide a basic understanding of molecular biology techniques as applied to current day diagnosis in pathology. The workshop will familiarize attendees with all the infra-structure, equipments and consumables that are required in the setting-up of a Molecular Genetics laboratory.

The Workshop will deal with various methodologies of DNA / RNA extraction from peripheral blood, bone marrow specimens and extraction of DNA from FFPE sections. Quality control of DNA/RNA extracts by Nano-Drop / spectrophotometer and gel runs, cDNA preparation, GUS-PCR , RT-PCR with all its modifications, RQ-PCR for quantitative analysis in haematological disorders (CML, APL etc.), viral diseases (CMV,HBV,HCV etc.) will be demonstrated and practiced. Issues related to trouble-shooting in PCR analysis will be discussed. Molecular cytogenetics (FISH, m-FISH etc.) in haemato-lymphoid and solid tumors will also be demonstrated and practiced.

The work-shop will emphasize on the fact that at the end of this program the attendees should be able to set-up a molecular genetics lab in their Depts of Pathology.

Workshop Size: 12

Note: There will be a selection process based on the filled –up Registration Form details

Registration:

Kindly send completed registration form with a Cheque (at par) / bank DD worth **INR 10,000/-** in favour of “ **Tata Medical Centre Trust** ” to be payable at **Kolkata**.

Last date for Registration is **20th May, 2016**. Selected delegates will be intimated by **25th May, 2016**. Cheque / DD will be returned to the un-selected delegates.

Note: Registration Form is on Page – 3 .

Accommodation:

Accommodation will be provided in TMC guest house on same sex twin sharing basis from 19th to 25th June, 2016 (Sun to Sat).

Please note that the accommodation provided is complimentary and the accommodation costs haven't been included in the workshop fees. If the delegate wishes to arrange one's own accommodation, no refund from the registration fees will be entertained. Also the complimentary accommodation to be provided is strictly on sharing basis only. Cost for individual accommodation has to be borne by the delegates.

Accommodation In-charges: Mr. Arun SR (arun.sr@tmckolkata.com / 08420764760) / Mr. Biswajoy Pal (biswajoy.pal@tmckolkata.com / 09088856692)

4th Basic Molecular Pathology Workshop for Pathologists

(In association with Molecular Pathology Association of India- MPAI)

20th to 25th June, 2016 (Mon to Sat)

Department of Lab Haematology, Molecular Genetics & Cytogenetics
TATA Medical Centre, Kolkata, West Bengal, India.

Registration Form

Name :

Age/Sex :

Position / Institute Affiliation :

Institute Address :

Land-Line No. :

Cell- Phone No. :

E - mail :

Qualifications (with year of passing) :

Current Position : Assoc Prof / Asst Prof / Sr Resident (Yr 1/2/3) / Fellow / Registrar /
Jr Resident (Yr 2/3) / Consultant

Registration Fees – Cheque (at par) / Demand Draft

DD / Cheque Number :

Dated :

Bank Name :

Amount : INR 10,000 /-

DD / Cheque should be drawn in favor of “**Tata Medical Centre Trust**” payable at Kolkata
(Write Name and the Cell number at the back of the DD / Cheque)

Accomodation: required/not required

Address for Correspondence:
